

LETTER OF RECOMMENDATION - 1

I am pleased to recommend to you about **MR. VODNALA KRANTHI KUMAR**, I have been an integral part of his student life for about three years now. During this period, I have taught him ‘C and Data structures, Principles of Programming Languages, Software Testing Methodologies and Compiler Design’. This interaction, between us has introduced me to some of his unique abilities and personality.

He is a remarkable, young boy with, exceptional talent. The most important ingredient of his character is his brave and willingness attitude which stands out and makes a mark in every dimension of his life. His strong desire is to search deep, I believe, makes his what he is. This added to his passion for the subject which gives his a unique edge over his peers and makes his an excellent student.

He is an all-rounder. He was the CR of his class performing all his duties responsibly and perfectly with excellent leadership qualities. He is very active in his studies, sports, cultural activities. With good leadership qualities and enthusiastic skills he actively participated and organized all the cultural fests and events that were held every year in the college. Good communication and organizational skills help him to be at the forefront of organizing seminars and group discussion classes.

High grasping power and ability to reason logically seem to come naturally to him. He has been an above average student all his life which is also well supported by his academic scores. His punctuality and hard working nature, keep him well ahead of his peers. He also maintains a very good rapport with his peers and is a team guy. His ability to convince people has always impressed me.

To conclude, **Mr. Kranthi** has constantly kept for good stead in his academic and is worthy to pursue a Master’s program. With his capabilities, he will undoubtedly prove to be an asset to any institute he chooses to join. These qualities are very rare in an individual, and hence with great conviction, I strongly recommend him to your institute with possible financial assistance.
